

## Finance Director, London

c.£65,000 Plus Bonus & Benefits

### **A rare opportunity to provide financial leadership in the growth of a dynamic organisation with a diversified and entrepreneurial business base**

The IoD is the UK's No.1 non-party political organisation for business leaders. Membership has grown 50% in five years and our 55,000 members span the entire business spectrum, from FTSE chairmen to entrepreneurs managing small private firms. Members have the influence of the IoD on their side – representing their concerns to government – and at their side, providing professional support and business services.

The broad span of our commercial interests extends to media, publishing, education and events management and we aim to replicate our corporate philosophy and highly successful business model through our recently launched IoD International.

At this exciting stage in our development, we are now seeking a high calibre Finance Director who will play a pivotal role in developing and growing our range of businesses. Professionally qualified with a minimum of 5 years direct experience of operating at an influential management level, your career to date will have identified you as an individual whose work ethic, attention to detail, entrepreneurial flair and personal drive signal the potential to succeed at the highest level.

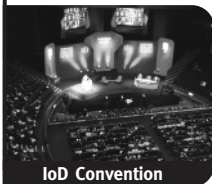

Experience of leading edge customer service-orientated companies and/or prestige brands would be highly advantageous; this will include having contributed proactively and with vision to the structured development and growth of the business. Moreover, you will have provided financial and thought leadership in a fast moving, enterprising and team-focused environment, requiring the ability to promote innovative initiatives with passion and confidence.
